

No. G-20011/14/2010-WPC
DEPARTMENT OF TELECOM
WPC SECTION

Dated : 2nd July, 2011

OFFICE MEMORANDUM

It is observed that Wireless users submit applications to WPC along with Demand Drafts which are very old, sometimes three months to four months etc.

As it is known that DDs are in the name of PAO (Hq) and hence, WPC after processing the licensing / SACFA applications have to prepare challans and route the DDs to SBI through PAO which requires considerable time due to handling of large no. of DDs.

Hence, all the wireless users / SACFA applicants are hereby advised to submit Demand Drafts to WPC not older than maximum of two months from the date of issue of DD, so that atleast there is a validity of 4 months for processing of drafts.
