File No: L-14035/11/2017-BWA

Date: 27/03/2018

NOTICE:-

1. The existing Wireless Operating Licensee of the frequency band 3300-3400 MHz may note that this band is identified for implementation of International Mobile Telecommunications (IMT).
2. Recommendation of TRAI has been sought on the reserve price for auction of right to use spectrum & also on other associated conditions, of the various frequency bands including the 3300-3400 MHz band. During the meetings held with the Internet Service providers for reconciling their dues at various points of time during the last few years, the proposed allocation of this band to IMT and the requirement for its vacation by them were brought to their attention.
3. In view of above, all the existing licensees of the spectrum in 3300-3400 MHz band are required to vacate the spectrum held by them within six months' time from the date of issue of this notice. They may like to migrate to other frequency bands presently being used for providing internet services viz. 2.7-2.9 GHz, 5 GHz band, etc. & apply to WPC Wing accordingly, which may be considered subject to availability and as per existing procedure.
4. Existing licensees in the 3300-3400 MHz band should note that no new assignment will be made in this band as well as the existing licenses will not be renewed further i.e. beyond 6 month's time from the date of issue of this notice.
5. This is for compliance by all existing licensees of the 3300-3400 MHz band.
